2. Palm Oil and Certified Sustainable Palm Oil Consumption

Information in Section 2.0 - Palm Oil and Certified Sustainable Palm Oil Consumption - is a mandatory declaration in your ACOP. This includes volume data on palm oil, palm kernel oil and related products consumed, to enable the RSPO to accurately calculate uptake of individual members, sectors and RSPO members as a whole. ACOP reports without reported volume data will be considered as incomplete and will not be accepted. Incomplete ACOP reports may lead to suspension or termination of RSPO membership.

2.1 Please list down all operations and subsidiaries using palm oil, palm kernel oil and related products that are owned and/or managed by the member, including those under Group Membership

Include Ferrero, Thornton's, Fannie May, the brands that were part of Nestle's chocolate business in the United States.

2.1.1 In which markets does your company sell goods with palm oil and oil palm products?

Europe, North America, China, India, Malaysia, Indonesia, Africa, Latin America, Rest of the World

DL.2.0 In order to facilitate ease of reporting and transparency, RSPO members operating within the palm oil demand supply chain can now choose to report palm oil and palm oil product volumes on:

an aggregate level (as in previous ACOP reporting cycles)

2.2 Total volume of uncertified and certified palm oil, palm kernel oil and related products purchased for use in your company's own-brand and third-party brand products

Description	Tonnes
Total volume of crude palm oil (tonnes)	0.0
Total volume of crude palm kernel oil (tonnes)	0.0
Total volume of palm kernel expeller (tonnes)	0.0
Total volume of crude palm oil/palm kernel oil-based derivatives and fractions (tonnes)	220570.0
Total	220570.0

2.2.1 Please estimate the percentage of derivatives and fractions (reported in Question CG.2.2) derived from palm oil or from palm kernel oil. The default split for volumes is assumed to be 80% palm oil-based derivatives and 20% palm kernel oil-based derivatives.

Description	Percentage
Palm oil-based derivatives and fractions	98.0
Palm kernel oil-based derivatives and fractions	2.0

2.3 Please estimate the regional distribution of your company's uncertified and certified palm oil, palm kernel oil and related products sales (as declared in Question 2.2) in the following countries/regions. In cases where sales distribution data is not available, members may use manufacturing regions as a proxy for regional usage of certified volumes.

Countries/Regions	Percentage
Europe	76.0
North America	10.0
Malaysia	1.0
Indonesia	1.0
China	2.0
India	1.0
Latin America	4.0

5. Actions for Next Reporting Period

5.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

Ferrero will keep promoting significantly the production and consumption of sustainable Palm Oil in the following years:

- by aligning our acquired business to our standards 100% RSPO SG;
 - by sponsoring on-the-ground projects to improve and diffuse sustainable agriculture practices (eg. CIRAD "Trails" project; SAN project on IPM with Smallholders;
 - by investing in solid analysis and assessment both on palm oil supply chain (eg. with universities) and on palm oil reputation (eg. consumer tracking).
 - as an active member in sustainable palm oil bodies to contribute concretely in relevant progress beyond certification:
 - in RSPO: supporting their communication to large public as well as their task force to engage policy makers and other relevant stakeholders to improve identified weak areas (eg assurance); participating to BoG meetings and others organized by RSPO.
 - in POIG, which requires the use of fully segregated RSPO certified oil from its members;
 - in National Initiatives (NIs) in several countries (and to EPOA through the NIs) with local teams' support to promote the sector: Raising the bar in sustainability in the local PO supply chain; supporting on-the-grounds projects on biodiversity and smallholders; Communicating and engaging with key stakeholders to explain our investment in a more sustainable palm oil chain; In engagement with policy makers, civil society and stakeholders at national and EU level to raise awareness on palm oil sustainability and promote the uptake of sustainable practices. We coordinate a specific project on sustainable palm oil within CAOBISCO.
 - In SPOC platform, at regular meetings, sharing key data and best practices.
 - also to EPOA through local alliances; -working on projects to open our expertise to other industry players.
 - by communicating our palm oil sustainability practices (eg. RSPO certification, Starling monitoring, our suppliers agriculture practices, etc..) as Ferrero corporate as well as Nutella brand in many touchpoints (website, digital campaigns, PR) to fill the knowledge gap.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to <https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules> or email the ACOP team at acop@rspo.org

1.7.2 How is your company supporting them?

As an active member of the Forum for Sustainable Palm Oil (FONAP), Ferrero has been working very closely with WWF Germany and is in direct contact with the local NGO Wild Asia to discuss progress and track results of the Wild Asia, Ås Group Scheme (WAGS). We have sponsored the first phase of the project which began in July 2018 and have signed phase 2, which started in December 2019 and will continue through March 2021. Our contribution to this project is voluntary and goes beyond our membership within FONAP. The project, supported by global, national and local partners, has a strong focus on supporting smallholder farmers to join a sustainable supply chain, but it also tackles conservation and deforestation issues. Furthermore, WAGS aims to test and apply FONAP add-on criteria (criteria that FONAP has defined on top of certification schemes such as RSPO) in realistic conditions to scale these measures up in the whole palm oil supply chain in Malaysia.
