It is responsible for sourcing and trading of palm oil and palm oil products to be used/processed mostly for internal IFFCO facilities and only small percentage for the external customers facilities

#### 4. Actions For Next Reporting Period

##### 4.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

We will continue to improve our sustainability performance and scorecard. We want to contribute to positive impacts and to become the preferred partner in sourcing RSPO-certified sustainable palm oil for Middle East, South Asia and Africa market. We also want to actively co-develop or participate in initiatives that allows for collaboration between customer, processor and supplier to encourage more production and uptake of RSPO-certified palm oil.

In addition, we would like to encourage the customers group (consumer goods manufacturers, retailers or supermarkets), RSPO Secretariat and other organizations to create more awareness and education about RSPO-certified sustainable palm oil (CSPO) in the market to influence consumers' choices. This is especially critical for countries in Middle East, South Asia and Africa, where awareness about sustainable commodities is still relatively low.

## Shared Responsibility

*The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to <https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules> or email the ACOP team at [acop@rspo.org](mailto:acop@rspo.org)*
