#### 4. Actions For Next Reporting Period

##### 4.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

We discuss sustainability with our customers and supply information of RSPO certificates requested. We direct them to the RSPO website and advise them to see RSPO membership. We have requested that our suppliers maintain their RSPO trademark licences and those who do not hold a trademark licence were requested to apply for one. We have also maintained our Distributors and Traders Licences. We have also started offering and supplying RSPO MB materials to our customers.

## Shared Responsibility

*The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to <https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules> or email the ACOP team at [acop@rspo.org](mailto:acop@rspo.org)*

## Challenges and Support

### 1.1 What significant obstacles or challenges has your company encountered in the promotion of certified sustainable palm oil (CSPO)? What efforts has your company taken to address these obstacles or challenges?

- Awareness of RSPO in the market
- Difficulties in the certification process
- Certification of smallholders
- Competition with non-RSPO members
- High costs in achieving or adhering to certification
- Human rights issues
- Insufficient demand for RSPO-certified palm oil
- Low usage of palm oil
- Reputation of palm oil in the market
- Reputation of RSPO in the market
- Supply issues
- Traceability issues
- No challenges faced
- Others

#### Others

A proportion of our market consists of technical grade manufacturers who are unprepared to pay the premium price for RSPO certified palm oil derivatives. They do not have current drive from their customers to use RSPO certified products. Additionally if there is a reliable steady supply of stock, more customers consider changing over from conventional derivatives to RSPO certified derivatives. A few customers have also shifted to non-palm based derivatives.

### 1.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported the vision of the RSPO to transform markets to make sustainable palm oil the norm?

- Engagement with business partners or consumers on the use of CSPO
- Engagement with government agencies
- Promotion of CSPO outside of RSPO venues such as trade workshops or industry associations
- Promotion of physical CSPO
- Providing funding or support for CSPO development efforts
- Research & Development support
- Stakeholder engagement
- No actions taken
- Others

#### Others

We have engaged with our customers and suppliers by responding to our customers' requests and making inquiries on sustainability issues to our suppliers. We direct customers to the RSPO website and forward links/documentations/webinar invitations from this site which educate and advise. We inform/educate our Sales and Compliance staff on this vision.

### 1.3 If your company has any other publicly-available reports or information regarding its palm oil-related policies and activities, please provide the links here

\* We have policies for Labour & Labour Rights, Ethical Conduct & Human Rights and Occupational Health and Safety, however they are not available to the public. \*\*We are in the process of updating the policy for Climate Change and Greenhouse Gasses however our current policy is not available to the public.
