Our processing facilities in UK and KCP in Gabon are RSPO certified. Refinery in Gabon is currently undergoing facility upgrading, Nigeria facility which was acquired earlier is serving local market and focusing on other certification system in 2020.

For Mozambique refineries, see announcement on restructuring and/or divestment action on <https://www.olamgroup.com/investors/investor-library/sgx/2020/02/-announcement---2019-2024-strategic-plan-update.html>

2022

3.4.1 If target has not been met, please explain why.

100% RSPO-certified palm oil and oil palm products are highly dependent on market demand. For our facilities located in Africa, sourcing of certified supply is also another challenge.

100% RSPO certified sourcing is specific and responding to different market demand. Target for Europe market is met. However, for our facilities which are serving African consumers, there is no demand for RSPO products and lack of supply chain actors in the region.

For volume sourced on behalf of our customers in Asia, there is no demand for RSPO certified products. Regardless of its certification status, all volume we processed or sourced from third party are subject Olam's policy and due diligence.
