1. Operational Profile

1.1 What are the main activities of your organisation?

Aksenta is a socio-environmental consultancy company with the main objective is to assist companies, communities, NGOs and governments to have a good understanding of sustainability, sufficient knowledge, skills and attitude to improve its, social relations and environmental management, and to become environmentally and socially sustainable.

Related to RSPO, Aksenta provides its services of independent assessments, technical assistance, trainings, coaching and consultancy in the areas of HCV, HCS, social management, remote sensing, spatial analysis, GHG studies, conservation programs for compensation liability, wildlife management, human-wildlife conflict mitigation, soil studies, environmental and social due diligence, and sustainability standards.

1.2 What activities has your organisation undertaken to promote sustainable palm oil, the RSPO and/or RSPO members in the reporting period?

Our main activities undertaken to promote sustainable palm oil, the RSPO and/or members in 2019 included:

1) HCVs. Several HCV assessments have been carried out in 2019

- a) HCV Assessments for RSPO grower members: New Planting Procedures, existing oil palm plantation, review and update;
- b) HCV Assessments for non-member: palm oil companies interested in joining RSPO, palm oil companies willing to comply with NDPE,
- c) HCV Management and Monitoring Plans: developing, training-facilitating;

2) Social Management. Several social management projects have been carried out in 2019. These projects consist of Social Impact Assessments (SIA), Social Liability Identification, Social Due Diligence, Participatory Mapping, Social Management and Monitoring Plan, FPIC Verification, Multi-Stakeholder Engagement.

3) Remediation and Compensation. Several projects regarding Remediation and Compensation have been carried out.

These projects consist of conducting Land Use Change Analyses (LUCA), reviewing LUCA reports, developing Compensation Concept Notes, developing Compensation Plans, seeking the best areas for compensation programs, facilitating conservation collaborations between the RSPO grower members and NGO partners for the planning and implementation of Compensation/ Conservation Programs.

1.3 What percentage of your organisation's overall activities focus on palm oil?

90.0%

1.4 Did members of your organisation participate in RSPO working groups and/or taskforces in the reporting period?

No

1.5 Does your organisation have any past or on-going collaborations with public or private sector palm oil industry players to support them in their efforts to increase the production or consumption of certified sustainable palm oil (CSPO)?

Yes

1.6 How is your organisation's work on palm oil funded?

Our clients, the palm oil companies and other organizations, pay us to our services

2. Actions for Next Reporting Period

2.1 Please outline activities that your organisation will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

We will continue what we have been doing and expand to serve new clients, regions and countries. We are planning to set up new products of services in the areas of:

- 1) Expand the services to Conservation Programs for Compensation liability (planning, facilitating, implementing).
 - 2) Focusing the consultation services on integrating all sustainability requirements into Sustainable Management Systems.
-
