## 5. Actions for Next Reporting Period

### 5.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

Remia is RSPO certified for the Mass Balance and Segregated supply chain models. By making its customers aware of the adverse consequences of large scale palm oil productions and offering the option to buy sustainable products, Remia wants to play a role in the sustainability transformation. During recent years, our company has increased the number of RSPO certified palm products. The total quantity of processed MB and SG palm oil products has increased as well. The communication to both customers and consumers has been succesful and resulted in an increasing demand for Remia's sustainable products. Processing exclusively with RSPO certified palm oil products is the ultimate goal. In that respect it is promising to see that Remia's main palm based raw material is already SG certified.

During the coming years Remia will continue to promote the use of sustainable palm products. \_\_\_\_\_

## Shared Responsibility

*The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to <https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules> or email the ACOP team at [acop@rspo.org](mailto:acop@rspo.org)*
