4. Actions For Next Reporting Period

4.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

The total switch of our range of products based on palm oil derivatives has been achieved at the end of 2020. This principle applies for all our worldwide markets, including industry, food, pharmaceutical & cosmetics.

All our customers & distributors' seminars will cover the production and consumption of CSPO and shared responsibility in the construction of a sustainable supply chain. We think that promoting production of palm oil trough agro-ecology already existing practices, as well as production and improvement brought with RSPO certification can change the perception of people on palm oil . We will also pursue our work with our NDPE & traceability policy to challenge our suppliers. We work closely with them specially since 2020 as member of the CDP Supply Chain. Indeed, last year we asked our suppliers to report on CDP Forests, Climate Change & Water. The CDP forests covers part of the palm oil stakes.

Therefeore it will be a great path for all of us to improve our practices. Besides, since 2020 we are member of the Action for Sustainable Derivatives (ASD). We joined this alliance because we believe that building a sustainable supply chain can only be reached with interactions with actors of downstream and upstream levels. The first ASD annual report is available on line. Finally we also published in our last CSR report a view of the results of our colllaboration in the frame of a study on Small Holders with the CIRAD.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules or email the ACOP team at acop@rspo.org
