## 5. Actions for Next Reporting Period

### 5.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

In July of 2019 Target released an updated and enhanced commitment to sustainable palm oil. The commitment covers additional product categories and includes goals to trace to the mill level and use physically certified palm oil. In 2020, Target increased the percentage of our palm oil volume that is Mass Balanced, Segregated, or Identity Preserved by 44%. In 2021, Target will ramp up work on our traceability to mill goal beginning by completing Traceability Declaration Documents with the vendors who represent the top 90% of our palm oil volumes.
