McCain Foods is committed to removing palm oil from our frying operations for McCain-branded products by 2025, to reduce fat and offer healthier choices to our customers and consumers. In the interim we will continue to source palm oil responsibly by purchasing 100% of our palm oil volume from RSPO certified suppliers and increase the amount of oil that is RSPO certified (Mass Balance or Segregated). We have increase our total certified palm oil uptake from 49% to 51% this year. In addition, for the 49% gap in certified uptake we are using RSPO Credits via the Book and Claim this year. Due to the current situation in the Ukraine and resulting deficit of sunflower supply globally, the timing of the exit from Palm Oil may be at risk. We will continue to monitor the situation and update any changes in the next annual report.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile.
