### 1. Operational Profile

#### 1.1 What are the main activities of your organisation?

Naples Zoo is accredited by the Association of Zoos and Aquariums and is also a historic botanical garden with a mission to inspire people of all ages to respect, value and help conserve wildlife and our natural world.

---

#### 1.2 What activities has your organisation undertaken to publicise programmes to support the RSPO, RSPO certification, the uptake of RSPO-certified sustainable palm oil and oil palm products, or to support good standing RSPO members during the reporting period?

Naples Zoo staff sources products with certified sustainable palm oil as identified by the Cheyenne Mountain Zoo app. Naples Zoo does not sell palm oil by itself. Our third-party vendors do sell food with palm oil products used in them. They also source products with sustainable palm oil in the same way. Naples Zoo features a page on its website to educate visitors about palm oil. [www.napleszoo.org/palmoil](http://www.napleszoo.org/palmoil). Seasonal shopping guides created by Cheyenne Mountain Zoo are typically shared on social networks. Naples Zoo features a 7'x6' graphic by the Malayan tiger habitat viewing window showing an illustration kitchen cabinetry within a jungle setting in which you can see a tiger walking behind the plants. The headline reads "Your House is Closer to a Tiger's Home than You Imagine" while the text highlights the palm oil link and how to be a kind shopper. Naples Zoo also features life-size color cutouts of a clouded leopard and orangutan surrounded by graphics that explain what palm oil is and why certified sustainably sourced palm oil is important and how to find products that use it. Two mature African oil palms are located near this display. The Zoo also has an education cart staffed by volunteers several times a month to further help guests understand the connection from their grocery cart to the clouded leopards and other species impacted by unsustainably produced palm oil. This was not utilized during the pandemic. By the viewing window for the clouded leopards, Naples Zoo features a graphic bringing attention to palm oil and wildlife as well as features a flip up TRUE/FALSE interactive featuring palm oil information. At Meet the Keeper talks that have a connection to palm oil (clouded leopards, tigers, etc.), Naples Zoo keepers share the connection between the animals guests are viewing and what guests buy at the store and encourage them to download the app. As guests wait for the show to start in our outdoor theater, a pre-show presentation plays on video screens. Trivia questions are inserted throughout a 15-minute pre-show that plays on video screens prior to our main presentations in the outdoor theater. At least one question per viewing as well as additional stand-alone slides highlight sustainable palm oil and encourage guests to download the app linked at [www.napleszoo.org/palmoil](http://www.napleszoo.org/palmoil). While we did not host our annual Boo at the Zoo Halloween event during the pandemic, we purchase the candy that gets handed out by our third-party sponsors to ensure it contains certified sustainable palm oil.
