1. Operational Profile

1.1 What are the main activities of your organisation?

Vision and Mission of Orangutan Land Trust:

At Orangutan Land Trust our Vision is the long-term survival of the orangutan in the wild.

Our Mission is to enable sustainable solutions that ensure safe areas of forest for the continued survival of the orangutan.

We work towards this Vision via three Key Strategies: Encourage policy makers to develop and implement strong policies and to uphold existing laws that contribute to orangutan conservation

Support in-country initiatives and efforts to help deliver their aims

Develop appropriate and responsible partnerships to deliver tangible outcomes on the ground

Some of the activities eligible for support from Orangutan Land Trust include:

Protecting existing orangutan habitat, especially that which contains significant populations of orangutans

Finding, surveying and securing permanent release sites for both wild and rehabilitated orangutan

Finding, surveying and securing river islands for the penultimate step in the rehabilitation process of orangutans, and as permanent sanctuary for rescued and rehabilitated orangutans not suitable for total release into the wild, such as those with chronic disease or disabilities

Finding, surveying and securing new forest sites for the use of orangutans undergoing the rehabilitation process.

Providing infrastructure for above sites, such as security posts, feeding platforms, fencing, etc.

Taking measures to protect these sites indefinitely

Forest rangers/anti-logging operations/fire-fighting efforts in orangutan habitat

Creating wildlife corridors

Reforestation and regeneration activities

Supporting alternative livelihoods and sustainable harvesting of forests (timber and non-timber forest products) in exchange for their protection in cooperation with local communities

Working with industries that pose a risk to orangutan habitat, such as the palm oil industry, to minimise impact in these areas

Education, outreach and empowerment in communities living in orangutan habitat areas to protect these areas

Lobbying local and national authorities to protect orangutan habitat

1.2 What activities has your organisation undertaken to publicise programmes to support the RSPO, RSPO certification, the uptake of RSPO-certified sustainable palm oil and oil palm products, or to support good standing RSPO members during the reporting period?

We engage with all aspects of the supply chain, from growers to consumers, to raise awareness about sustainable palm oil and encourage commitments for production and uptake of CSPO. Through social networking, public speaking and traditional media (television, radio, print), we reach a wide audience globally. We have advised zoos and other institutions around the world on the issue of sustainable palm oil. We participate in PONGO (Palm Oil and NGO) Alliance, a platform for collaboration between industry and NGOs/experts to enable sustainable solutions for the protection of wildlife in oil-palm landscapes. We are active participants in the Sustainable Palm Oil Choice initiative.

1.3 What percentage of your organisation's overall activities focus on palm oil?

40.0%

1.4 Did members of your organisation participate in RSPO working groups and/or taskforces during the reporting period?

Yes

1.5 Does your organisation have any collaborations with public or private sector palm oil industry players to support them in their efforts to increase the production or consumption of certified sustainable palm oil (CSPO)?

Yes

1.6 How is your organisation's work on palm oil funded?

Funding for our efforts in sustainable palm oil comes from donations and strategic partnerships. Public donations are focussed on support for efforts on the ground, such as policy work, law enforcement and investigations into destruction of orangutan habitat; orangutan capture, harm and killing in oil palm landscapes; and restoration of areas illegally cleared for oil palm. We seek sponsorship to cover other costs, such as travel to meetings, so that none comes out of public donations.

2. TimeBound Plan

2.1 Which year did your organisation start or expects to start participating in RSPO working groups and/or taskforces?

2009

2.2 Which year did your organisation start or expects to start undertaking and publicising programmes to support the RSPO, RSPO certification, uptake of RSPO-certified sustainable palm oil and oil palm products and/or good standing RSPO member?

2009

Develop educational resources and training teachers on sustainable palm oil.

Continue to use social and traditional media outlets to educate the general public and to encourage differentiation between conventional palm oil and CSPO.

Develop new Sustainability Partnerships amongst stakeholders.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on <https://rspo.org/members/shared-responsibility> or email the Shared Responsibility team at sharedresponsibility@rspo.org.
