

## Particulars

### About Your Organisation

#### 1.1 Member Name

PT AIHIKA SAWALA EKOTROPIKA

#### 1.2 Membership Number

8-0244-20-000-00

#### 1.3 Membership Sector

Organisations

#### 1.4 Membership Category

Affiliate

#### 1.5 Country

Indonesia

#### 2.0 Does your company or organisation produce, process, consume or sell any palm oil or any products containing derivatives of palm oil?

No

#### 2.2 Please select all the sectors that best describe the business activities of your company or organisation, including your primary RSPO membership sector. You may select multiple sectors and will be required to complete the ACOP form for the relevant sectors

- I am a bank or financial institution that finances or supports companies or organisations that produce or manufacture palm oil, palm kernel oil or related products
- I am a conservation and environmental NGO supporting the sustainable development of the palm oil industry
- I am a social and human development NGO supporting the sustainable development of the palm oil industry
- I am an Affiliate member of the RSPO, indirectly involved in the palm oil industry

## Affiliates

### 1. Operational Profile

#### 1.1 What are the main activities of your organisation?

(1) HCV. (a) HCV-HCS assessments for RSPO grower members: New Planting Procedures, existing oil palm plantation, conversion agricultural crops into oil palm, review and update; (b) HCV assessment for non-member: palm oil companies interested in joining RSPO, palm oil companies in complying with NDPE; (c) HCV management and monitoring plan: developing, training-facilitating; (d) HCV delineation and demarcation: training and implementation.

(2) Social management: social impact assessment, social liability identification, social due diligence, participatory mapping, social management and monitoring plan, FPIC verification, multi-stakeholder engagement.

(3) Remediation and Compensation: conducting Land Use Change Analysis (LUCA), reviewing LUCA reports, developing Compensation Concept Note, developing Compensation Plan, seeking the best areas for compensation programs, facilitating conservation collaborations between the RSPO grower members with NGO partners for the planning and implementation of Compensation/Conservation Program.

(4) GHG studies: Carbon Stock Assessment, HCS assessment using RSPO Carbon Assessment Tool, HCS assessment using HCS Approach, GHG emission estimation, GHG emission mitigation plan.

(5) Soil studies: soil suitability, peat assessment and mapping.

(6) RSPO P&C and ISPO P&C compliance: technical assistance and training-coaching for RSPO grower members to comply with all RSPO and ISPO requirements.

---

#### 1.2 What activities has your organisation undertaken to promote sustainable palm oil, the RSPO and/or RSPO members in the reporting period?

No promotion activities

---

#### 1.3 What percentage of your organisation's overall activities focus on palm oil?

87.0%

---

#### 1.4 Did members of your organisation participate in RSPO working groups and/or taskforces in the reporting period?

No

---

#### 1.5 Does your organisation have any past or on-going collaborations with public or private sector palm oil industry players to support them in their efforts to increase the production or consumption of certified sustainable palm oil (CSPO)?

Yes

---

#### 1.6 How is your organisation's work on palm oil funded?

Our work is mainly funded by the private sector (palm oil companies) through our professional services

---

## 2. Actions for Next Reporting Period

### 2.1 Please outline activities that your organisation will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

We will continue what we have been doing and expand to serve new clients, regions and countries. This includes:

- (1) HCV. (a) HCV-HCS assessments for RSPO grower members: New Planting Procedures, existing oil palm plantation, conversion agricultural crops into oil palm, review and update; (b) HCV assessment for non-member: palm oil companies interested in joining RSPO, palm oil companies in complying with NDPE; (c) HCV management and monitoring plan: developing, training-facilitating; (d) HCV delineation and demarcation: training and implementation.
  - (2) Social management: social impact assessment, social liability identification, social due diligence, participatory mapping, social management and monitoring plan, FPIC verification, multi-stakeholder engagement.
  - (3) Remediation and Compensation: conducting Land Use Change Analysis (LUCA), reviewing LUCA reports, developing Compensation Concept Note, developing Compensation Plan, seeking the best areas for compensation programs, facilitating conservation collaborations between the RSPO grower members with NGO partners for the planning and implementation of Compensation/Conservation Program.
  - (4) GHG studies: Carbon Stock Assessment, HCS assessment using RSPO Carbon Assessment Tool, HCS assessment using HCS Approach, GHG emission estimation, GHG emission mitigation plan.
  - (5) Soil studies: soil suitability, peat assessment and mapping.
  - (6) RSPO P&C and ISPO P&C compliance: technical assistance and training-coaching for RSPO grower members to comply with all RSPO and ISPO requirements.
-

## Challenges and Support

### 1.1 What significant obstacles or challenges has your company encountered in the promotion of certified sustainable palm oil (CSPO)? What efforts has your company taken to address these obstacles or challenges?

- Awareness of RSPO in the market
- Difficulties in the certification process
- Certification of smallholders
- Competition with non-RSPO members
- High costs in achieving or adhering to certification
- Human rights issues
- Insufficient demand for RSPO-certified palm oil
- Low usage of palm oil
- Reputation of palm oil in the market
- Reputation of RSPO in the market
- Supply issues
- Traceability issues
- No challenges faced
- Others

Others

-

### 1.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported the vision of the RSPO to transform markets to make sustainable palm oil the norm?

- Communication and/or engagement to transform the negative perception of palm oil
- Engagement with business partners or consumers on the use of CSPO
- Engagement with government agencies
- Engagement with peers and clients
- Promotion of CSPO through off product claims
- Promotion of CSPO outside of RSPO venues such as trade workshops or industry associations
- Promotion of physical CSPO
- Providing funding or support for CSPO development efforts
- Research & Development support
- Stakeholder engagement
- No actions taken
- Others

Others

Due to lack of updated knowledge in European countries, it takes quite an effort to convince people that CSPO is not a myth, and sustainability standards exceed those of most European commodities.

### 1.3 If your company has any other publicly-available reports or information regarding its palm oil-related policies and activities, please provide the links here
