### 3. TimeBound Plan

2007

**3.1.1 If the previous target year has not been met, please explain why.**

Target has been met

**3.2 Which year did your company begin (or expects to begin) using only RSPO-certified sustainable palm oil, palm kernel oil and related products from any supply chain option in own-brand products.**

2020

**3.2.1 If the previous target year has not been met, please explain why.**

We already met our 100% RSPO certified target by 2019. For the 2021 reporting year we maintained our 100% RSPO certified oil achievement and are now working to move suppliers through a continuous improvement process: Credits; Mass Balance; Segregated. Tesco UK and Republic of Ireland, the large majority of our business, has already achieved 83% RSPO Segregated palm oil supply and 71% RSPO segregated palm oil supply, respectively, for example.

**3.3 Which year did your company begin (or expects to begin) using only RSPO-certified sustainable palm oil and palm oil products from physical supply chain options (Identity Preserved, Segregated and/or Mass Balance) in own-brand products.**

2021

**3.3.1 If the previous target year has not been met, please explain why.**

For the 2020 calendar year, 99% of Tesco UK Own-Brand Products were from a physical supply chain option. A small volume from our Central Europe Business had to be covered with credits. We are now working with that part of the business to transition the remaining small volumes covered by RSPO Credits to a physical supply chain option. We expect this to be achieved when reporting on the 2021 calendar year.

**3.4 If the TimeBound Plan commitments declared above do not cover all countries in which the member operates, please explain why**

Our commitment and results cover all countries in which we operate.

**4. Trademark Use****4.1 Does your company use or plan to use the RSPO Trademark in own-brand products?**Yes

---

**4.2 Please select the countries where your company uses or intends to use the Trademark**United Kingdom

We will continue to ensure 100% RSPO certification for all palm oil used in our Tesco Own-Brand products. We will implement plans to move remaining volumes covered by RSPO Credits to a physical supply chain option in a feasible timeline given local market conditions. We are also leading members of the Palm Oil Transparency Coalition (POTC) which provides an annual ranking of the sustainability performance of palm oil companies to enable members of the coalition, like ourselves, to ensure that our suppliers are sourcing palm oil from companies that are making progress on their sustainability commitments. Building on POTC's work, we will continue to work through our partnership with WWFUK to move the palm oil industry towards faster transformation with a focus on the UK importers, including greater uptake of CSPO. In 2019, we were the first retailer to publish our palm oil supply chain mapping showing the importers in our supply chain. In 2021 we will continue to provide this transparency. As part of the Consumer Goods Forum we are working to ensure that certification is complemented by continually developing supply chain management best-practices and effective forest governance approaches. Tesco is also playing a leading role in co-chairing the CGF Landscape Working Group which aims to coordinate the investment of member companies in priority palm oil production landscapes.

## Shared Responsibility

*The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on <https://rspo.org/members/shared-responsibility> or email the Shared Responsibility team at [sharedresponsibility@rspo.org](mailto:sharedresponsibility@rspo.org).*
