7.34%

2.4.1 Please provide additional information on your certified palm oil, palm kernel oil and related products uptake calculated in PT.2.4. This may include changes due to business environment, evolving nature of operations or variations due to stock positions

In year 2021 we bought and sold less amount of RSPO certified palm oil products comparing to year 2020

The main reasons for this are:

- \* COVID situation all over the world which lead up to less consumption
- \* Price increase in 4 Q of 2021. Our clients started to look for palm oil alternatives (rapeseed, shea and sunflower oil)
- \* In year 2021 we "lost" some of our big customer who used to buy RSPO products (these companies just ended their business)

We hope to increase palm oil quantities again in 2022
