## Shared Responsibility

*The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on <https://rspo.org/members/shared-responsibility> or email the Shared Responsibility team at [sharedresponsibility@rspo.org](mailto:sharedresponsibility@rspo.org).*

## Challenges and Support

### 1.1 What significant obstacles or challenges has your company encountered in the promotion of certified sustainable palm oil (CSPO)? What efforts has your company taken to address these obstacles or challenges?

- Awareness of RSPO in the market
- Difficulties in the certification process
- Certification of smallholders
- Competition with non-RSPO members
- High costs in achieving or adhering to certification
- Human rights issues
- Insufficient demand for RSPO-certified palm oil
- Low usage of palm oil
- Reputation of palm oil in the market
- Reputation of RSPO in the market
- Supply issues
- Traceability issues
- No challenges faced
- Others

#### Others

The biggest challenge to promotion of RSPO certified Palm products is the strong resistance of our western country aligned customers to share the additional costs of certified products. They want the RSPO certified products to be supplied at the same price as uncertified products. This resistance is our big challenge. Availability of MB products is also a big challenge.

### 1.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported the vision of the RSPO to transform markets to make sustainable palm oil the norm?

- Communication and/or engagement to transform the negative perception of palm oil
- Engagement with business partners or consumers on the use of CSPO
- Engagement with government agencies
- Engagement with peers and clients
- Promotion of CSPO through off product claims
- Promotion of CSPO outside of RSPO venues such as trade workshops or industry associations
- Promotion of physical CSPO
- Providing funding or support for CSPO development efforts
- Research & Development support
- Stakeholder engagement
- No actions taken
- Others

We are a member of Action of Sustainable Derivative (ASD). It is a collaborative initiative co-managed and co-facilitated by BSR and Transitions, two organizations with extensive experience and expertise in supply chain sustainability and business collaborations. It brings together companies in the cosmetics, home and personal care, and oleochemicals industries to collectively tackle supply chain issues around palm oil. It helps us in SDG 12: Responsible consumption of resources, SDG: 13: Climate Change, SDG: 15: Life on Land. Link: <https://sustainablederivatives.org/our-members>  
We also have our own sustainable palm oil and its action plan. Our policy and action plan supports the vision of RSPO to transform market to make sustainable palm oil the norm. We are taking help with global consultant named Transitions who help us with our palm oil related supply chain transparency. We do the transparency study once in a year, results available in our action plan report. . Link: <https://www.godrejindustries.com/chemicals/policies-compliance.aspx>
