8. Actions For Next Reporting Period

8.1 Outline activities that your company will undertake in the coming year to advance its certification efforts.

We continue to coordinate engagement and capacity building activities to support the implementation of RSPO P&C throughout companies in the group. For management units that have already achieved RSPO certification, we will provide training and ensure the update of operational procedures to facilitate compliance with the new RSPO P&C. For non-certified operating units, management systems to ISO standards will be developed and verified as a stepping stone to attaining RSPO standard. Comprehensive training on sustainability practices will be delivered to ensure sufficient knowledge and competency to implement in the operations. We are undertaking efforts to promote RSPO certification of independent smallholders to our partner smallholders.

8.2 Outline activities that your company will undertake in the coming year to promote the uptake CSPO along the supply chain.

We continue internal workshops to understand the CSPO Supply chain and to intensify supplier engagement efforts to promote the benefits of RSPO certification among our suppliers and encouraging our suppliers to obtain RSPO certification. We are working towards creating a fully traceable supply chain via the processes of supply chain mapping, smallholder mapping, and the implementation of improved traceability procedures. We will be incorporating RSPO certification as a key consideration in our responsible sourcing criteria. Furthermore, we contribute to promoting the positive impacts of the industry.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on <https://rspo.org/members/shared-responsibility> or email the Shared Responsibility team at sharedresponsibility@rspo.org.

Despite the enactment on the new Omnibus Law on Job Creation, legal uncertainty relating to weak law enforcement and the flexible nature of local legal law, the overlapping of authority and conflicting interests among different government agencies in central, provincial and district level. Governance in natural resource management in Indonesia remains challenging in making sustainability a norm in palm oil industry, with some laws and regulations conflicting with the RSPO principles and criteria. Changing of laws and local government policies driven by political motives and interests discourage investment in sustainability, notably in the implementation of sustainable palm oil for smallholders also new regulation from EUDR – Tackling deforestation and forest degradation in supply chains Palm Oil
