In March 2017 Kraft Heinz unveiled its Corporate Policy on Sustainable Palm Oil. The policy highlights Kraft Heinz's commitment to the use of certified products, including RSPO offerings, across all of its products and business units. This policy is shared/communicated with key stakeholders such as suppliers, customers and external NGOs. Kraft Heinz is a founding member of the North American Sustainable Palm Oil Network (NASPON) working group which looks to develop solutions that promote the production and use of RSPO certified sustainable palm oil in this market and will continue its engagement with this organization in order to move forward our sustainable palm oil commitments.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on <https://rspo.org/members/shared-responsibility> or email the Shared Responsibility team at sharedresponsibility@rspo.org.
