2028

4.4.1 If the previous target year for G.4.4 has not been met, please explain why

The target of the company to get all its FFB supply base certified by 2023 cannot be realized because.

1. the management and board of the company saw a change in 2021. the current board and management have been strategizing to come up with a plan to ensure group certification for all independent smallholder farmers by 2025.

2. the company just came out of a financial challenge and looking at how much it cost to undergo certification, the financial muscle of the company cannot immediately support these independent smallholders to get certified.
