1. Operational Profile

1.1 What are the main activities of your organisation?

With almost 1000 staff, we work in over 40 countries worldwide to create fair and sustainable supply chains. Inspired by 50 years of solidarity with under-resourced producer communities, we enable farmers, miners and workers to earn a decent income, shape their own future, and produce in balance with nature.

Solidaridad is involved in training farmers, building supportive business ecosystems, advocating for an enabling policy environment and stimulate demand for sustainably produced goods.

1.2 What activities has your organisation undertaken to publicise programmes to support the RSPO, RSPO certification, the uptake of RSPO-certified sustainable palm oil and oil palm products, or to support good standing RSPO members during the reporting period?

With training and support we have helped farmers to become RSPO certified. We cooperate with palm oil buyers to increase their uptake of RSPO-certified sustainable palm oil and oil palm products.

We lead the Sustainable Palm Oil Choice platform. "The SPOC initiative is set up to strengthen and solidify the European investments in a sustainable palm oil value chain by promoting uptake of RSPO-certified material and instigating and catalysing further bold action towards eliminating deforestation and exploitation from palm oil supply chains while remaining smallholder inclusive.

SPOCs participants unite European refining industries with bold constructive NGO voices. Together we want to invest in increasing and strengthening the positive impacts of palm production and reduce and eliminate the negative aspects associated with palm oil production and build sustainable palm oil value chains." https://www.sustainablepalmoilchoice.eu/

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on https://rspo.org/members/shared-responsibility or email the Shared Responsibility team at sharedresponsibility@rspo.org.
