this year we are preparing 2 independent smallholder organizations with a total of 1000 members to get RSPO certification by the end of this year, we have just received confirmation of membership approval from RSPO.

for the 4 certified organizations, we encourage additional members, increase the economy by encouraging direct sales to factories so that it cuts the supply chain and returns profits to farmers, builds communication with the government and companies to support fertilizer procurement programs to help members.

cooperate with the government to increase the legality of farmers' land in accordance with applicable regulations.

increasing the achievement of environmental restoration programs; river conservation (tree planting on riverbanks, prevention of new oil palm plantations, fish nurseries etc.), use of organic/natural materials available around farmers to increase soil nutrients.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on <https://rspo.org/members/shared-responsibility> or email the Shared Responsibility team at sharedresponsibility@rspo.org.

Others

government support is still lacking in several places, the government prioritizes mandatory ISPO certification.

but so far trying to synergize between RSPO and ISPO certification, because in terms of current benefits, RSPO is superior.

another obstacle, credit certificates are increasingly difficult to sell, there are more and more certified farmers while there are not many credit buyers, even though these credit funds are very useful for increasing organizational capabilities in serving members for commitments to carry out sustainable palm oil management, providing social benefits and environmental restoration

1.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported the vision of the RSPO to transform markets to make sustainable palm oil the norm?

- Communication and/or engagement to transform the negative perception of palm oil
- Engagement with business partners or consumers on the use of CSPO
- Engagement with government agencies
- Engagement with peers and clients
- Promotion of CSPO through off product claims
- Promotion of CSPO outside of RSPO venues such as trade workshops or industry associations
- Promotion of physical CSPO
- Providing funding or support for CSPO development efforts
- Research & Development support
- Stakeholder engagement
- No actions taken
