Edgewell joined RSPO as a member in 2022 with a 2030 strategy goal to source 100% certified palm oil for use in our products by 2022. This was achieved through using certified supplier material and purchasing credits to cover the balance of non-certified palm. While Edgewell does not purchase palm oil directly, we are committed to obtaining 100% true sourced certified palm oil ingredients through our ingredient suppliers and contract manufacturers. We will continue increased due diligence with tracking and reporting on our suppliers and working with them to find alternative sources if not certified.

as a pal	gewell is committed to sourcing 100% of palm oil utilized to produce our products from certified sources, Mass Balance a minimum. Edgewell employs a multifaceted approach to meet this objective including the purchase of RSPO certified m oil and palm oil derivatives, creation of robust sourcing practices, and dissemination of expectations within our opplier Code of Conduct. We will do this through the following steps in the short-term:
1. I	Launch palm policy in 2024 to outline expectations of ingredient suppliers, distributors, and contract manufacturers that

- complements our supplier code of conduct and human rights policy to source ethically and responsibly. This will outline Edgewell's expectations of 100% sourcing certified material (with mass balance as the minimum requirement).

  2. Work on converting the remaining amount uncertified to certified palm usage without need to purchase credits.

  3. Increase traceability and transparency among our suppliers so better identify potential risks and work to mitigate quickly
- to avoid issues.

# **Shared Responsibility**

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on https://rspo.org/members/shared-responsibility or email the Shared Responsibility team at sharedresponsibility@rspo.org.
