We have realized many years ago it is very important to move towards sustainability. We are focused in promoting to our customers around the Europe and Extra Europen markets a widerange of RSPO certified (MB and SG) products. This kind of activity is promoted by our Sales managers and Market Managers and they are aware in sustainable issue and promote certified RSPO products to our customers. They actively spread the principles and the advantages offered by the use of certified products to them. Also our customers are more and more aware of this topic because the markets are moving in this direction, especially cosmetic and home care markets. We are working on a RSPO policy and we are implementing an internal system to be able to calculate the quantities of certified and non-certified palmbased products.

Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on https://rspo.org/members/shared-responsibility or email the Shared Responsibility team at sharedresponsibility@rspo.org.
