### **NGOs**

#### 1. Operational Profile

#### 1.1 What are the main activities of your organisation?

LEAP Spiral initiates, develops, and supports collaborative partnerships and projects in Malaysian Borneo that address restoration and protection of the land, its biodiversity, and the indigenous people that live on it. Our main programme areas are biodiversity protection, forest and habitat restoration and protection, community-based conservation initiatives, species protection, and renewable energy. We also facilitate and support the multi-sector Forever Sabah program that seeks to transition the state of Sabah toward a diversified, equitable, circular economy. In all these areas, LEAP Spiral works to facilitate committed and open partnerships that enable habitats, species, and cultures to thrive and to promote sustainable economic activities that place an equal value on income security, quality of life and the health of our shared ecosystems. We also work to create an atmosphere of openness and willingness to change across civil society, government and industry.

1.2 What activities has your organisation undertaken to publicise programmes to support the RSPO, RSPO certification, the uptake of RSPO-certified sustainable palm oil and oil palm products, or to support good standing RSPO members during the reporting period?

In 2023, our engagement and certification efforts extended across Telupid, Tongod, and Beluran Districts, encompassing 15 existing villages while expanding to 10 new villages in Telupid and Beluran, as well as 9 villages in Lahad Datu District. The audit phase for 153 smallholders was successfully completed in November 2023. Continual support was provided to the smallholder cooperative in Kinabatangan, particularly Koperasi Perintis Perusahaan Sawit Lamag Berhad, where cooperative operations are predominantly managed by volunteer members. We actively contributed to capacity building within the cooperative, offering training in accounting and facilitating Smallholder certification processes. In Lahad Datu District, efforts were directed towards assisting smallholders in achieving RSPO certification, including the establishment of smallholder cooperatives. FPIC sessions and workshops introducing Sustainable Palm Oil Certification were conducted for 9 Kampungs in Segama, generating significant interest among smallholders. Moreover, the Tongod Sustainable Palm Oil Initiative was launched to pave the way for Tongod District's certification as a sub-jurisdiction. Notably, a 'Training of Trainers' program successfully trained 18 trainers from the smallholder community in 2023, followed by the comprehensive training of 446 smallholders from Telupid, Tongod, Beluran, and Kinabatangan Districts in Good Agricultural Practices.

1.3 What percentage of your organisation's overall activities focus on palm oil?				
30.0%				
1.4 Did members of your organisation participate in RSPO working groups and/or taskforces during the reporting period?				
Yes				
1.5 Does your organisation have any collaborations with public or private sector palm oil industry players to support them in their efforts to increase the production or consumption of certified sustainable palm oil (CSPO)?				
No				
1.6 How is your organisation's work on palm oil funded?				

For 2023, our organization's work on palm oil is primarily funded through a combination of sources, including grants from RSPO, AAK, and Marks and Spencer. Additionally, we may receive funding through project-specific agreements with stakeholders in the palm oil industry, including palm oil producers, processors, and retailers, who have an interest in supporting sustainable palm oil initiatives. These funds are allocated towards various activities such as community engagement, capacity building, certification processes, and team expansion.

### **Shared Responsibility**

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on https://rspo.org/members/shared-responsibility or email the Shared Responsibility team at sharedresponsibility@rspo.org.

sharedresponsibility@rspo.org.
SR 1. Transparency
1.1 Does your organisation have organisational management documents publicly-available?
No
SR 2. Ethical Conduct
1.2 Does your organisation have a publicly-available policy covering Ethical Conduct, including for recruitment and contractors?
No

# **Challenges and Support**

1.1 What significant obstacles or challenges has your company encountered in the promotion of certified sustainable palm oil (CSPO)? What efforts has your company taken to address these obstacles or challenges?
Awareness of RSPO in the market
✓ Difficulties in the certification process
✓ Certification of smallholders
Competition with non-RSPO members
High costs in achieving or adhering to certification
Human rights issues
Insufficient demand for RSPO-certified palm oil
Low usage of palm oil
Reputation of palm oil in the market
Reputation of RSPO in the market
☐ Supply issues
✓ Traceability issues
☐ No challenges faced
✓ Others
Others
Funding support
1.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported the vision of the RSPO to transform markets to make sustainable palm oil the norm?
Communication and/or engagement to transform the negative perception of palm oil  Engagement with business partners or consumers on the use of CSPO
Engagement with government agencies
Engagement with peers and clients
Promotion of CSPO through off product claims
Promotion of CSPO outside of RSPO venues such as trade workshops or industry associations
Promotion of physical CSPO
Providing funding or support for CSPO development efforts
Research & Development support
✓ Stakeholder engagement
□ No actions taken
