## **Shared Responsibility**

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile. Additional information on the required policies and plans applicable to all sectors as well as the annual uptake targets for supply chain actors can be found on https://rspo.org/members/shared-responsibility or email the Shared Responsibility team at sharedresponsibility@rspo.org.

#### Others

RSPO members continue to violate human rights and labor rights, e.g. in Central American countries. Membership has been conceded to companies with bad conduct and reputations, including recent violations of human rights defenders as well as structural land conflicts. This affects credibility of RSPO in local communities whose participation in RSPO mechanisms we want to enhance.

RSPO Grievance Mechanism have not been effective enough to resolve relevant issues communities and workers wish to raise. RSPO certification has not yet led to convincing, evidenced-based, positive impact for local communities (yet). Much more and structural efforts need to be undertaken on making sure the adequate implementation of the RSPO standard, and to measure emerging impact.
