However, the general economic situation and the limited availability have slowed down further growth and with regard to certified goods even a decrease in the demand is noticeable.

3.1 Which year did your company achieve (or expects to achieve) the RSPO supply chain certification or RSPO

3.3.1 If the previous target year has not been met, please explain why.

In particular, the lack of demand for RSPO-certified materials from our Latin American sites raises doubts as to whether the sites located there can be integrated into the certified supply chain from an economic perspective. What is certain is that we will continue with the certification of further locations and use every opportunity to drive this forward outside of Europe as well. However, the delay that is already becoming apparent is casting serious doubt on the original deadline. Group members are generally tied to product demand in the market and many customers, although aware of sustainability issues, do not buy all or part of the materials they require as RSPO-certified goods. To a certain extent, we are of course also dependent on the general availability of certified goods and the RSPO targets of our upstream suppliers.

3.5 If the TimeBound Plan commitments declared above do not cover all countries in which the member operates, please explain why

Excluding sites from the time bound plan is not foreseeable yet but needs to be discussed when demand in particular countries or market sectors will not increase over the next years.

The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility (SR) requirements will be done through ACOP and MyRSPO. As the process of verification of the reports is in development, the Shared Responsibility section in ACOP may change in future ACOP cycles. Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there. If you do not have a policy or your policy does not cover all items, you will be required to provide a Declaration of Support for the relevant policy items in your MyRSPO profile.
