#### 2. Palm Oil and Certified Sustainable Palm Oil Consumption

Information in Section 2.0 - Palm Oil and Certified Sustainable Palm Oil Sourcing is a mandatory declaration in your ACOP. This includes volume data on palm oil, palm kernel oil and related products consumed of individual members, sectors and RSPO members as a whole. ACOP reports without reported volume data will be considered as incomplete and will not be accepted. Incomplete ACOP reports may lead to suspension or termination of RSPO membership.

2.1 Please include details of all certified and uncertified operations using palm oil, palm kernel oil and related products, owned and/or managed by the member and/or all entities that belong to the group.

No processing or production operations at Griffin Foods. We trade, purchase, store and distribute manufactured goods and ingredients for sale to our industrial customers. Some of these products have palm oil within them as part of the recipe.

2.1.1 In which markets do you sell goods with palm oil and palm oil-related products?
Europe
DL.2.0 In order to facilitate ease of reporting and transparency, RSPO members operating within the palm oil demand supply chain can now choose to report palm oil and palm oil product volumes on:
an aggregate level (as in previous ACOP reporting cycles)

#### 3. TimeBound Plan

please explain why

3.1 Which year did your company achieve (or expects to achieve) the RSPO supply chain certification or RSPO trader/distributor licence?
2018
3.2 Which year did your company start (or expect to start) to source any RSPO-certified palm oil and oil palm products?
2020
3.2.1 If the previous target year has not been met, please explain why.
We have distributor's license only. We do not produce the products. We try to influence both our customers and suppliers towards RSPO choices. We do not have final choice of what our customers want to buy and what our suppliers choose to use by way of ingredients. Our overall tonnage of products is similar to previous year. Supply chain issues and cost continue to play role for both customers and suppliers. Increase in demand for certified product was noted in late 2024. Percentage RSPO product increased form around 67% in 2023 to 80% in 2024.

3.5 If the TimeBound Plan commitments declared above do not cover all countries in which the member operates,

Reputation of palm oil in the market
Reputation of RSPO in the market
✓ Supply issues
☐ Traceability issues
No challenges faced
✓ Others
Others
Due to the requirements of the retailers, most of our relevant products use certified palm. Only a few products with non-RSPO are now acceptable to customers. Supply chain and cost continue to influence use of certified products. We continue to promote RSPO product and ensure RSPO options are available from suppliers.  1.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported
the vision of the RSPO to transform markets to make sustainable palm oil the norm?
Communication and/or engagement to transform the negative perception of palm oil
Engagement with business partners or consumers on the use of CSPO
Engagement with government agencies
Engagement with peers and clients
Promotion of CSPO through off product claims
Promotion of CSPO outside of RSPO venues such as trade workshops or industry associations
Promotion of physical CSPO
Providing funding or support for CSPO development efforts
