Yes

1.6 How is your organisation's work on palm oil funded?

Koltiva has worked with several private sector companies to support their smallholder farmers in achieving RSPO certification, ensuring compliance with sustainability standards and promoting responsible sourcing practices

2. Actions for Next Reporting Period

2.1 Please outline activities that your organisation will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

In the coming year, Koltiva will continue to promote the production and consumption of certified sustainable palm oil (CSPO) through a series of strategic activities. We plan to expand our supply chain mapping and transactional traceability systems to cover more smallholders, dealers, and mills, enhancing transparency and accountability across the palm oil value chain. Koltiva will also deliver capacity-building programs to support smallholders and cooperatives in adopting good agricultural practices and preparing for RSPO certification, including strengthening internal control systems and compliance documentation. As a technical service provider, we will assist private companies and farmer groups throughout the RSPO certification process—from baseline assessments to audit readiness. Additionally, we will continue to enhance our digital platforms to support real-time monitoring and sustainability reporting.
