2.1 Please include details of all certified and uncertified operations using palm oil, palm kernel oil and related products, owned and/or managed by the member and/or all entities that belong to the group.

Members of the Zschimmer & Schwarz Group, namely the Zschimmer & Schwarz Chemie Gmbh, supply a wide variety of industries with tailor-made chemical auxiliaries and specialities. Palm oil, palm kernel oil and related products are raw materials used in manufacture of secondary oleochemicals such as surfactants, emulsifiers and others.

2.1.1 In which markets do you sell goods with palm oil and palm oil-related products?

Europe, North America, China, India, Malaysia, Indonesia, Africa, Latin America, Rest of the World

DL.2.0 In order to facilitate ease of reporting and transparency, RSPO members operating within the palm oil demand supply chain can now choose to report palm oil and palm oil product volumes on:

an aggregate level (as in previous ACOP reporting cycles)

29.92%

Further RSPO certified products were added to the portfolio and new customers were acquired. However, the general economic situation and the limited availability have slowed down further growth. Regarding certified goods the demand is again increasing but at least for the EU there is quite some confusion about what RSPO is required for when EU Deforestation Regulation will be enforced. Here, customers in the EU might hesitate to get certified.
