3. TimeBound Plan

3.1 Which year did your company begin (or expects to begin) using RSPO-certified sustainable palm oil and palm oil products in own-brand products

2011

3.1.1 If the previous target year for RT.3.1 has not been met, please explain why.

Our target has been met, as we are covering for the remaining non-verified palm oil with certificates. Furthermore we revise our requirements regularly, in order to increase levels of certification This calculation is only based on food-products. We are still working on a model for non-food products and have initiated a project on soap products.

3.2 Which year did your company begin (or expects to begin) using 100% RSPO-certified sustainable palm oil and palm oil products from any supply chain option in own-brand products.

2021

3.2.1 If the previous target year for RT.3.2 has not been met, please explain why.

we have had a triviality limit of 2 %, which we have covered with credits. But as of this year, we have no lower limit and thus require certified palm oil for all own branded food-products.

3.3 Which year did your company begin (or expects to begin) using 100% RSPO-certified sustainable palm oil and palm oil products from physical supply chain options (Identity Preserved, Segregated and/or Mass Balance) in own-brand products.

2021

3.3.1 If the previous target year for RT.3.3 has not been met, please explain why.

we have just recently increased our requirements, as explained above. We have removed a 2 % triviality limit on food products and now require 100 % certified palm oil.

3.4 If the TimeBound Plan commitments declared above do not cover all countries in which the member operates, please explain why

-

4. Trademark Use

4.1 Does your company use or plan to use the RSPO Trademark in own-brand products?

5. Actions for Next Reporting Period

5.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

Coop will implement its new requirements on both food and non-food towards suppliers both regarding the removal of our previous 2 % triviality limit and certification level. Further we will revise our data collection and calculation method in order to find out how and if we can optimize our ways of working with palm oil. We will initiate a specific project on data collection and calculation of palm oil content in the non-food category, more specifically soaps.

6. Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil (RSPO) approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to <https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules> or email the ACOP team at acop@rspo.org
