## NGOs

### 1. Operational Profile

#### 1.1 What are the main activities of your organisation?

Fauna & Flora International is the world's longest established international conservation organisation. FFI has over 140 projects in 40 countries mostly in the developing world working to conserve threatened species and ecosystems worldwide, choosing solutions that are sustainable, based on sound science and take into account human needs. Our approaches include strategic corporate engagement and partnerships, working with governments to inform policy and increase capacity for sustainable natural resource use and forest protection, environmental markets (including Reducing Emissions from Deforestation and Degradation (REDD+)), threatened species and habitats programmes.

#### 1.2 What activities has your organisation undertaken to publicise programmes to support the RSPO, RSPO certification, the uptake of RSPO-certified sustainable palm oil and oil palm products, or to support good standing RSPO members during the reporting period?

Indonesia: • Engagement with several oil palm growers to facilitate the process of compensation under RSPO compensation mechanism. The compensation mechanism offered by FFI is linking the compensation fund to village forest through Payment for Ecosystem Services (PES). FFI portfolios are ready for the payment phase under Plan Vivo scheme and suitable and fit under RSPO compensation criteria. In 2019, the compensation plan for one company has been approved by RSPO to link with our facilitated village forest in West Kalimantan. • Develop jurisdiction approach under Governor Climate Fund in Aceh to promote sustainable commodities including oil palm. Liberia: FFI participated in the following activities: update on the RSPO Principles and Criteria 2018, the National Interpretation Process, formation of the National Oil Palm Platform of Liberia (NOPPOL), Training workshop for national stakeholders on the Free, Prior, Informed and Consent
