Como lo hemos venido informando en los ACOP anteriores ,el proceso se ha iniciado desde el 2015 , desarrollando algunas iniciativas importantes , sin embargo se requiere desarrollar una nueva estrategia, dado la naturaleza de los productores independientes de Honduras , el contexto como tal y el Nuevo estandar recién aprobado por RSPO para Pequeños productores independientes ,reconocemos que como iniciamos ,no fue la mejor manera , ya que UNPALA es un grupo muy grande y que se debe de replantear y explicar a los productores independientes los beneficios de la certificación, la baja del del precio del CPO ,también han contribuido a que el productor no se anime con la certificación de RSPO, sin embargo se retomara la estrategia en vista que ya se cuenta con un gran avance de requisitos,como el sistema Interno de Control,documentos como guías, procedimientos buenas practicas agrícolas,políticas, georeferenciación , instrumentos de seguimiento .
