**3. TimeBound Plan****3.1 Which year did your company achieve/obtain (or expects to achieve/obtain) the RSPO supply chain certification or RSPO trader/distributor licence?**

2016

**3.2 Which year did your company start (or expect to start) to source any RSPO-certified palm oil and oil palm products?**

2017

**3.2.1 If the previous target year for PT.3.2 has not been met, please explain why.**

Although, we have achieved our first supply chain certification in MB oils in March 2016, we have only been buying palm oils from RSPO members since 2014. This practice we will continue in the future as well.

**3.3 Which year did your company achieve (or expects to achieve) 100% RSPO certification of all palm product processing facilities.**

2030

**3.3.1 If the previous target year for PT.3.3 has not been met, please explain why.**

This expectation of achieving 100% RSPO certification of all supply chains entirely depends upon our customers requirement, for whom we buy the oils. If the customer wants a specific oil i.e. Segregated or IP, only then will we pursue the relevant certification. Also to note here, is the product availability and the high premiums associated with such oils as you move up the RSPO certification supply chain. Very high premiums and product un-availability may dissuade customers from getting oils like SG, IP etc.

**3.4 Which year did your company begin (or expects to begin) sourcing only 100% RSPO-certified palm oil and oil palm products.**

2030

**3.5 If the TimeBound Plan commitments declared above do not cover all countries in which the member sells goods with palm oil or palm oil products, please explain why**

We only sell in Pakistan

**3.6 How does your company proactively promote RSPO and RSPO-certified sustainable palm oil and oil palm products to your customers?**

A part of our sales is to large multinational customers, who are already members of RSPO and are using certified oils. We always encourage our customers to use certified oils. To exhibit our commitment, Nimir is the only company in Pakistan having both MB and SG SCC.

#### 4. Actions For Next Reporting Period

**4.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)**

We intend to continue buying palm oils from RSPO members in future. As explained, a part of our sales is to large multinational customers who are already members of RSPO and are using certified oils. They are all committed on this matter and have global time-bound plans in place.
