Vision and Mission of Orangutan Land Trust At Orangutan Land Trust our Vision is the long-term survival of the orangutan in the wild. Our Mission is to enable sustainable solutions that ensure safe areas of forest for the continued survival of the orangutan. We work towards this Vision via three Key Strategies: Encourage policy makers to develop and implement strong policies and to uphold existing laws that contribute to orangutan conservation Support in-country initiatives and efforts to help deliver their aims Develop appropriate and responsible partnerships to deliver tangible outcomes on the ground Some of the activities eligible for support from Orangutan Land Trust include: Protecting existing orangutan habitat, especially that which contains significant populations of orangutans Finding, surveying and securing permanent release sites for both wild and rehabilitated orangutan Finding, surveying and securing river islands for the penultimate step in the rehabilitation process of orangutans, and as permanent sanctuary for rescued and rehabilitated orangutans not suitable for total release into the wild, such as those with chronic disease or disabilities Finding, surveying and securing new forest sites for the use of orangutans undergoing the rehabilitation process. Providing infrastructure for above sites, such as security posts, feeding platforms, fencing, etc Taking measures to protect these sites indefinitely Forest rangers/anti-logging operations/fire-fighting efforts in orangutan habitat Creating wildlife corridors Reforestation and regeneration activities Supporting alternative livelihoods and sustainable harvesting of forests (timber and non-timber forest products) in exchange for their protection in cooperation with local communities Working with industries that pose a risk to orangutan habitat, such as the palm oil industry, to minimise impact in these areas Education, outreach and empowerment in communities living in orangutan habitat areas to protect these areas Lobbying local and national authorities to protect orangutan habitat

We participate in PONGO (Palm Oil and NGO) Alliance, a platform for collaboration between industry and NGOs/experts to enable sustainable solutions for the protection of wildlife in oil-palm landscapes.
