## 8. Actions For Next Reporting Period

### 8.1 Outline activities that your company will undertake in the coming year to advance its certification efforts.

First, we are training all of our suppliers in the new concepts that come with the Adoption of RSPO Principles & Criteria (P&C) 2018 which is our starting point of work. We will support the RSPO's vision of transform markets and make sustainable palm oil the norm as part of our shared responsibility. In the social component we will work on issues related to decent living wage, CLIP and we are currently updating our social impact assessment. Finally in the environmental component we are implementing pilot projects that seek to improve irrigation efficiency in oil palm plantations.

---

### 8.2 Outline activities that your company will undertake in the coming year to promote the uptake CSPO along the supply chain.

We join Fedepalma's efforts, promoting 100% Colombian Palm Oil as a differentiator of other unsustainable oils, the objective of this initiative is to show that we are not agents that end social life and affect biodiversity, on the contrary, 100% Colombian Palm Oil does not cause deforestation and prioritizes the the human well-being of the local communities. For example, we have made efforts to overcome the COVID-19 pandemic through critical health and food supplies, also we have made an alliance with the Order Of Malta to distribute aid that includes mannapack meals to communities. Finally, we will continue to do social and environmental work that supports The RSPO Theory of Change and show that CPO and CPKO are sustainable compared to other oils on the market.
