Premier Foods and our palm oil suppliers are all members of the Roundtable on Sustainable Palm Oil (RSPO). We continue to require that our suppliers follow the development, and implementation, of the RSPO guidelines to ensure that we are at the forefront of sourcing sustainable third party certified palm oil. During 2020 we are increasing the volume of segregated palm oil we are using. Efeca works with members to develop the goal and scope of the sustainable palm oil initiative, Efeca provides technical assistance to support member decision-making. This includes providing technical support to both private and public sector actors including training and awareness-raising (including of Government Buying Standards); facilitation of a communications working group, aiming to improve the narrative of sustainable palm oil. We will attend UK/European stakeholder meetings if possible, representing the UK manufacturing sector. We will contribute our experiences to assist colleagues elsewhere in the supply chain fully sustainable palm oil. We will continue to certify our production sites to the RSPO chain of custody accreditation.
