By the end of 2020, all palm oil directly sourced as well as palm oil and palm kernel oil used as an ingredient in our branded products will be from suppliers who can verify sustainable production. Verification through RSPO certified mass balance supply or RSPO certified segregated supply is expected in countries where and when it is commercially available. The scope of this commitment is all palm oil directly sourced by the BURGER KING®, TIM HORTONS® and POPEYES® brands, and branded products with greater than 1% palm oil/palm kernel oil as an ingredient. 5. Actions for Next Reporting Period

5.1 Please outline activities that your company will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

We will use our publicly-available website to disclose our membership in the RSPO, to reiterate our 2020 targets, and to share our progress. In line with our Palm Oil Sourcing Policy, we will also continue working with our suppliers, with input from stakeholders and third party experts, to advance our approach toward meeting our goals.

6. Shared Responsibility

The Board of Governors of the Roundtable on Sustainable Palm Oil (RSPO) approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules or email the ACOP team at acop@rspo.org

7. Challenges

7.1 What significant obstacles or challenges has your company encountered in the promotion of certified sustainable palm oil (CSPO)? What efforts has your company taken to address these obstacles or challenges?
Awareness of RSPO in the market
Difficulties in the certification process
Certification of smallholders
Competition with non-RSPO members
High costs in achieving or adhering to certification
Human rights issues
Insufficient demand for RSPO-certified palm oil
Low usage of palm oil
Reputation of palm oil in the market
Reputation of RSPO in the market
✓ Supply issues
▼ Traceability issues
No challenges faced

Others
The most significant challenge we continue to face is the availability of competitively priced physical supplies of CSPO. As we work to find solutions, we continue to require that all of our palm oil suppliers are members of the RSPO where applicable and adhere to our Code of Business Ethics and Conduct for Vendors.
7.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported the vision of the RSPO to transform markets to make sustainable palm oil the norm?
Engagement with business partners or consumers on the use of CSPO
Engagement with government agencies
Promotion of CSPO outside of RSPO venues such as trade workshops or industry associations
Promotion of physical CSPO
Providing funding or support for CSPO development efforts
Research & Development support
Stakeholder engagement
No actions taken

The Restaurant Brands International Code of Business Ethics and Conduct for Vendors (the "Code") communicates our requirements and expectations with respect to business integrity, sustainability and working conditions. The Code outlines our expectations and provides direction to our commitments with respect to responsible sourcing practices. It directs vendors to our other policy documents and to our Sustainability Website, in which we communicate our palm oil sourcing commitments. This Code is currently available in English and French.
7.3 If your company has any other publicly-available reports or information regarding its palm oil-related policies and activities, please provide the links here
